The Court orders that the motion for peremptory reversal pursuant to MCR 7.211(C)(4) is DENIED. We find no sound basis for entertaining the possibility of peremptory reversal at this point based on the Michigan Supreme Court opinion in *Sanford v Michigan*, \_\_\_ Mich \_\_\_; \_\_\_ NW2d \_\_\_ (Supreme Court Docket No. 159636, decided July 23, 2020), when appellant referenced that opinion in its supplemental authority filing on July 29, 2020 but nevertheless waited to file the motion for peremptory reversal until November 19, 2020, a mere two weeks before oral argument is set in this appeal.
